JACOBS FLIGHT SERVICES, LLC

FAQ's:

What can I do with a Private License?

The Private License allows you to fly for recreational purposes in good weather and also carry passengers but NOT for hire.

What does an Instrument Rating do?

The Instrument Rating allows you to fly in less than good weather (fog, clouds, rain, etc.) and also increases a pilot's level of proficiency.

What can I do with a Commercial License?

The Commercial License will allow you to fly for hire. This License will also open the door to many aviation career opportunities.

How long does the training take?

The training duration will depend on your commitment and study habits. The average training duration is:

Private License: 3-5 Months

Instrument Rating: 3 Months

Commercial License: 3-5 Months

What are the age requirements?

No age requirement for class training.

Age 16 to fly solo

Age 17 for the Private License

Age 18 for the Commercial License
